Tsuki and Sho are what one would call childhood friends.
As far as Tsuki can remember, he has been with
Sho since forever, so it's only right for it to continue.
However, suddenly one day, without him knowing,
Sho vanishes from his life.

Second guessing, fearing what to come.
A man who simply gives up on everything.
And a straight-forward man who dares to chase after
his love, refusing to give up no matter what.

Never published before, the long-awaited special edition
of Jaryu Dokuro's best works, containing stories ranging
from pure, innocent first love stories, to stories which
are going to touch your heart, like a romance between
two men who can't help but fall with each other.

THANX

Thank you very much for purchasing the special edition of Sugar Milk.
This book was my very first manga and I held it in high regard!
Stories like "What is your name?" being printed once more in a
special edition like this one after almost 10 years makes me very happy.
There is also a short sequel to "What is your name?" inside.
I hope that this book will continue to be loved for many years to come.☺

It would be great if
I were able to draw a sequel to it too
someday!

So from now on,
please continue
supporting me
as well!

Thank you
very much.

Let's go

And
then...
